

2020-2021 ANNUAL FUND

ST. LUKE SCHOOL

**Giving Promise.
Growing Possibilities.**

Dear St. Luke Family,

At St. Luke School, we **operate on tuition and grow through giving**. The generosity of our St. Luke families, faculty, leadership and staff allows our children to enjoy new experiences; engage with the latest technology; and thrive in a safe school environment.

The 2020 St. Luke School Annual Fund Campaign: **Giving Promise. Growing Possibilities.** officially begins October 2, and we need your help to reach our financial goal of \$250,000 and our participation goal of 100% family participation. Student experience enhancements cannot be funded by tuition alone. Every Annual Fund gift allows us to build upon the extraordinary academic, fine arts, STEAM and athletic programs offered by St. Luke School. Your gift provides essential material support for our outstanding faculty and helps us to keep our tuition as low and accessible as possible.

Every gift, no matter how big or small, is vital — your generosity makes a difference.

Over the **past five years**, the Annual Fund has generated **\$1,139,283 in gifts** to grow and improve the St. Luke School experience. We hope you will take a moment to review this flyer for a snapshot of the numbers along with a list of

the latest projects made possible by generous gifts to the St. Luke Annual Fund. Your financial commitment and support of St. Luke School is an investment that will reap eternal rewards and help us continue exceptional traditions.

The following list represents some of the priorities for school and student experience enhancements that your gift can make possible.

Why We Give

"The reason our family gives to the St. Luke School Annual Fund is simple. We care about our school and believe in it's programs. We understand the cost of the educational experience goes beyond tuition and want our children to have expanded opportunities. Investing in the students at St. Luke School is investing in the future. We encourage you to give because your gift makes a significant difference in the lives of students and the teachers who fulfill our mission."
